6:00-6:30	Overage cushion and round table		

Next Meeting: Friday December 2nd Transition Meeting at Liesa & Tim's @ 6:30

2016 Fall Survey Breakdown

We had a total of 118 total responses. Some of these responses did not fill out each section so the totals do not add up in each area. I also overlooked the comments that had no impact such as "Nothing" or "All is Good" etc.

Question 1: Why did you join BCC?

- 22 People joined the club specifically mentioning Little Red. That is about 19%.
- 16 People joined to meet new people that is about 14%
- 41 people joined to meet other people or ride group rides with other riders. That is about 35%
- 18 people called out learning new routes which is about 16%
- 11 people called out specifically exercise or training or something for physical activity. That is nearly 10%.

Question 2: Overall, how would you rate your experience with BCC?

- Excellent: 45
- Very Good: 37
- Good: 28
- Fair: 6
- Notes from this category:
 - Too much politics in the club
 - Been a slippery last two years
 - Love the social aspects
 - A bit cliquish

- Everyone is so nice
- Can't keep up
- Volunteering and giving back to the community through charity

Question 3: What did/do you like most about BCC?

- Variety of rides
- Dependable ride calendar
- Friends/people/social aspect and little red
- Mountain biking

Question 4: What did/do you dislike about BCC?

- 69 total responses
 - 5 responded with too many rules
 - 21 responses indicating not very social, the politics and a high school mentality
 - Of the 69 responses, this equates to almost 31%
 - 17 indicated the posted pace not being followed or being dropped.
 - Of the 69 responses, this equates to 24%

Question 5: How Organized were the rides you participated in?

- Huge Win. 71% indicated our rides were either extremely, or Very Organized.
- 8 responses indicated somewhat organized
- Comments on 16 responses
 - The majority was VERY positive with a couple of exceptions on being somewhat confusing but those still marked it good. We are doing great on this.

Question 6: Are the routes explained or marked and easy to follow?

- Very easy to follow with markings and/or cue sheets
 - 71 responded stating routes were easy to follow with 19 comments
 - These reflect mostly ride leader specific and the need to mark old routes again for new riders.
 - The negative comments were directly indicated that they were new to the area and got lost due to lack of markings or queue sheets. The rest were because of missing marks or old marks. The take away here would be to ensure that old routes have markings for new riders

Question 7: Do the ride leaders sweep the ride to ensure that everyone arrived safely?

- 67 responses for yes. That breaks down to 56%
- 15 responses with either N/A or No.
- Comments indicated that this was primarily based on the ride leader. There was also a lot of "I don't know".

Question 8: Was the posted pace followed? (i.e.: A pace 18-22mph, B pace 15 to 18mph etc.)

- Absolutely had 22 responses which is about 19%

- Most of the time had 21 or 18%
- Somewhat or not at all had 42% with 3 saying not at all.
- 31 comments left indicating it is ride leader dependent, much faster and a lot indicating that they did not pay attention or never noticed.

Question 9: What would you like to see happen with BCC?

- Overwhelmingly positive for the most part.
- A couple of responses geared around term limits or rotating the board to bring in new ideas.
- Multiple responses to eliminate the high mileage jersey competition as it makes riding competitive and not fun and group oriented.
- More mountain biking
- More rides in the south end of the valley
- More rides geared towards beginners with more B and C paced rides or rides geared towards slower riders
- Better sweeping
- More community influence

Question 10: Is there anything else you would like to share?

- Need the ride calendar to share with other applications such as meetup or google. It does not import properly into other applications and needs to be fixed
- Web Site needs some updating
- Don makes me Cry!
- Possibly reach younger riders. Not sure how to do this was part of the comment
- A lot of positive responses in this area.
