Summertime...Summertime...Summertime!!! It is the time we have been waiting for! Great weather and long days to enjoy our bike rides!

Dress and protect yourself for all kinds of weather (we Live in Utah). Remember always support safety first as we ride our bikes.

Here are some rules of the road to know: obey all traffic laws, (complete stops at all red lights, stop signs where others are present), only ride two abreast where safe, always tell others you are passing on their left, tell others you are slowing or going to stop, (use hand signals if you can), always wear a helmet, and no earbuds on any of our BCC rides and HAVE FUN!

****Board Meetings are held monthly and are open to *all members*. Please, remember to email a board member if you have agenda or suggestions for discussions.**

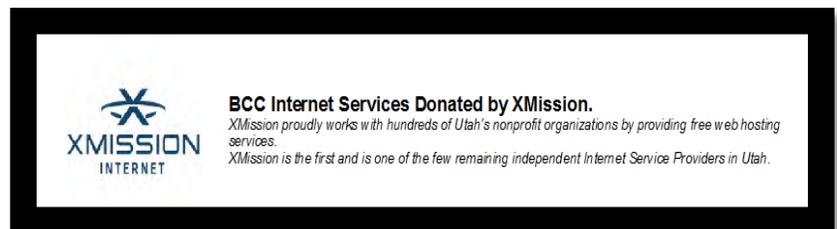

President's Pace Line.....

Provo A Go Go ride had us flying down to Provo with a little bit of work for the way back. Now if only that had been the Tailwind ride...

Few reminders:

- 5-day lead time so there is still time to add a few rides.
- MS 150 will be June 23/24 with MS route marking day on the 22nd. Please reach out to Don Williams if you would like to volunteer to be a ride marshal. This is a great volunteer opportunity!
- Look for Series Rides to be added in July - if you would like to add a Social Series to any of the Series rides, please reach out to the road captain.

Thanks to Barb DeBry, BCC is now officially on Instagram so be sure to follow us at BCCUtah. #RideOn

A Growing Club.....

Tim Sandall

It was brought to our attention in the board meeting that we do not share what we discuss in our meetings. We are interested in how we can grow our club and make it better for every member. Does that sound to general? Well, everything that has been discussed in any of the meetings is directly related to that. Safety, safer roads, teaching how to ride in a group, all to get members to love the club and hopefully encourage friends and family members to ride. This time of year, is filled with getting Lil Red ready for 3800 women to enjoy. But it is all about the members.

This is a reminder about the Store. I know we put it in the newsletter before, but here we go again. If you are interested in any of the articles in the store (a list is in our website) contact; Tim Sandall da-man111@hotmail.com

Volunteers:

Rexanne Pond

It is the end of another month. If you have bike related volunteer hours send them my way. I will respond each time you send them to me. If you do not get a response from me, send them again. Sometimes they go into the junk email.

Also, I send in the hours once a month to statistics. They are not put in right away. So, if you don't see them on your mileage page, just know that we are keeping track. Keep biking and volunteering. Also, if you have information of a volunteer opportunity you would like sent out to the club, just send me an email about it.

Thanks, What a wonderful ride. The weather was perfect along with everything else. A big thanks to the organizers and all of the volunteers. Please send your volunteer hours for Little Red and any others you have not yet sent to me. I will compile a list and send them to statistics.

MS..... THIS WEEKEND

Volunteers

If you are still on the fence – BCC can use you Saturday and/or Sunday to ride as a Ride Marshal. If you're willing to help out your fellow riders with flats, encouragement and assistance to get to the finish, this is your chance. Bring a BCC jersey of any type for both days and we will put a RM bib on you to get you through the day. If you're interested, drop me a note to bicycleutah@msn.com and I will get you the discount code to register as a Ride Marshal

Getting ready for MS – we set up camp on Thursday at Fort Bonneville, plenty of tent and RV space should be available. As a sponsor BCC rolls into the fairgrounds in the top 10 places. and the fairgrounds has flipped this year with a new arena under construction

Friday is marking day. If you are planning on being in the marking crew and racking up some volunteer hours – We need to know you're coming - typically there are 3 crews that go out to mark both days routes. Brooms, shovels gloves and old shoes are recommended. Friday night is Brats by Bob with a potluck – so bring something if you're coming for dinner. Orientation is sometime Friday night - but the barn is gone so we have to pick a new spot to meet.

Saturday, we start rolling out at 7AM, and pick up markers at 5 or so Saturday afternoon

Sunday is relaxed with a ride up Blacksmith Fork canyon and back. and then we're done.

BCC is a top tier sponsor of this event - so come help us put our best foot forward
